The Atradius Group provides trade credit insurance, surety and, collections services worldwide, with a presence through 160 offices in more than 50 countries.

The Hellenic branch of Atradius was founded in January 1998 and provides trade credit insurance and collection services with its goal to reduce its customers' exposure against the risk of non-payment from buyers they sell their products and services.

Throughout the course of its operations in Greece, Atradius has succeeded in becoming a trustworthy, as well as a growing insurance partner, thus enjoying growing cooperation with major corporations and esteemed insurance representatives.

Our growth policy is characterized by the selective integration of new customers to our existing portfolio rather than the reckless and mass expansion of our portfolio. Atradius has not only gained the appreciation of the business community, but has also become the leader in the Greek Credit Insurance Market for the past several years.

Giving the Greek companies our vote of confidence; we remain focused on providing our insured parties with services of the highest quality, as well as cutting edge insurance products in order to create a protective field against the danger of payment default which governs modern trading. In this manner, we empower our customers to not only safeguard their cash flow but to also safely increase their business transactions.

HELLENIC ASSOCIATION OF RISK MANAGERS

With 1/12/2019 as the date of signing the articles of association by the founding members, 12/12/2019 of filing them with the First Instance Court of Athens under Reg. No. 489461, and 16/12/2019 of commencement of business with the Tax Office of Kallithea, with TIN 997001960, the “Hellenic Association of Risk Managers” (H.A.RI.MA.) Non-profit Company Under Civil Law was founded; an initiative by a group of senior managers who are involved in the broader field of risk management.

The Association aspires to become the collective body of all Risk Management executives, irrespective of industry and employment specialty in Risk Management.

The role of Risk Managers is extremely important for the business world and even more important for the Capital market, financial institutions, and insurance companies. The Association will come to the aid of their efforts, highlighting and upgrading their role by providing information, training and links to international organizations, as well as holding discussion with government and also with other relevant organizations.

At the same time, the Association will contribute to more effective risk management by the market, by conducting research on the level of preparedness and response of organizations, to risk issues.

The founding members have significant previous experience and technical expertise in Risk Management, in areas such as Financial, Credit, Insurance, Compliance, Market, Commercial, Procurement, Facility, Logistics, Governance, and Data & Cyber risks. The participation of renowned Risk Management academics - teachers completes the spectrum of representation of expert professionals in the Association.

The Association, at least in the beginning, will not have any resources other than the subscription fees paid by its members. This means that everything relies on volunteering and the willingness of the members to offer to society.
